**"THE LEWIS MAGNETIC CORSET"**  
IS SUPERIOR TO ALL OTHERS.

It is mechanically constructed upon scientific principles, symmetrical in shape and  
unique in design.  
Each section of the corset is so formed as to maintain the vertical lines of the body,  
and readily conforms to the figure of the wearer.

It is stayed with strips of highly tempered spring ribbon steel, which is  
superior to any other boning material owing to its flexibility, smoothness and  
durability.

Each steel (or stay) is nickel-plated, highly polished and guaranteed not  
to corrode, metal tipped to prevent the ends from cutting through the fabric,  
and electro magnetized, thereby transmuting a mild galvanic current through  
the body, strengthening the nerves, assisting the action of the heart and impart-  
ing additional vigor and energy to both body and mind.

The steel (or stays) are incased in separate pockets and  
can be removed or replaced at pleasure through the openings  
near the top of the corset, and are so distributed as to afford  
the necessary support to the spine, chest and abdomen, while  
at the same time so pliable that they yield readily to every  
movement of the body, thus assuring constant comfort to the  
wearer.

These corsets are made by experienced operators, from  
superior fabric, carefully examined by experts, and guaranteed  
not to break or roll up like inferior makes.

Ladies who, after giving them a fair trial, should not feel perfectly satisfied, can re-  
turn them to the merchant from whom they were purchased and have their money re-  
funded.

See that the name "Lewis' Magnetic Corset" is stamped on each pair, without which  
none are genuine.

Manufactured only by the CROMPTON CORSET CO.,

**THE JUBILEE SINGERS.**

**Their Second Appearance in  
Moose Jaw.—The Concert  
Yesterday Even-  
ing.**

The town hall was packed to the  
doors last evening to hear the concert  
given by the Jubilee Singers of  
Nashville, Tenn. This was the second  
appearance before a Moose Jaw audi-  
ence, as it will be remembered, they  
gave an exceedingly successful con-  
cert in Campbell's Hall last year.

The first item was the universal  
favorite, "Steal Away" which was  
given with marvellous execution, the  
rich and splendidly trained voices  
blending perfectly.

The bass solo, "Rocked in the  
Cradle of the Deep," was one of the  
best pieces on the programme. The  
soloist took the low notes with an  
ease that was wonderful. Again in  
the part song, "Jingle Bells," and  
the male quartettes, Mr. Caldwell  
showed great vocalistic powers, and  
all through the choruses his facial  
contortions kept the laughter-loving  
portion of the audience in uproar.

The soprano solo, "Swanee River,"  
by Mrs. DeHart, the Musical direct-  
ress, was somewhat disappointing.  
The trip is evidently telling on her  
voice, for it was not until the final  
chorus that her voice, assisted by the  
harmony of the others, came out with  
the finished execution necessary for  
such a selection.

Mr. C. W. Payne's tenor solo "You"  
was splendidly rendered and enthusias-  
tically encored. (Mr. Payne good-nat-  
urally responded with "I Love Her So.")

Mr. C. S. Johnston, the first bass  
was suffering with cold but sustained  
his parts with credit. The audience  
duly appreciated the inimitable slave  
music which is the chief feature of  
the entertainments. The choruses  
were in many cases loudly encored,  
and in nearly every instance a grace-  
ful response was made. The favorites  
of the evening were "Jingle Bells,"  
"Brother Michael," and the male Quart-  
ettes "The Arrian Waltz" and "The  
Bumble Bees."

Mr. H. P. Guy, the pianist, is al-  
ready a graduate of more than one  
American Conservatory of Music. The  
success of the company's tour is in a  
great measure due to his perfect accom-  
paniments. Mr. Guy is wedded to  
the little organ which goes with the  
company in all its travels—a wonder-  
fully sweet-toned instrument; yet  
withal powerful enough, when occasion  
requires, to furnish accompaniment  
for the Niagara of sound that character-  
izes some of the choruses.

Miss Laura A. Wells has a voice  
of great power and flexibility, and is  
the "sweet singer" of the company.  
The voice of Miss Bell, the alto, came  
out with good effect in the part songs  
and choruses.

Altogether the concert was a rare  
treat and was duly appreciated by all  
who attended.

"A few can touch the magic string,  
And many fane is proud to win them;  
Alas! for those who never sing,  
And die with all their music in them."

**The Moose Jaw Educational As-  
sociation.**

This association was formed for the  
purpose of elevating and improving the  
public schools of the Moose Jaw District.  
Its regular meetings are held in the  
school-room, Moose Jaw, on the 2nd  
and 4th Saturdays of each month dur-  
ing the summer.

At the last meeting an interesting  
discussion on the teaching of fractions  
was introduced by Mr. Calder. He  
would introduce fractions in the first  
half-year of school, confining most of  
the teaching to oral work and concrete  
numbers.

The phonic system of teaching read-  
ing was also discussed at some length.  
Mr. Campbell, of Whitewood had expe-

rienced some difficulty in endeavoring  
to use the system, some of his scholars  
being apparently unable to produce  
certain sounds. Miss McMillan of  
Marlboro', spoke to the same effect, her  
chief difficulty being the inability of  
the pupils to properly regulate the  
sound of "th." It was evident that her  
class was composed chiefly of English  
children.

At the next meeting Miss Mc-  
Millan will submit a system of phonic  
markings for the consideration of the  
teachers present, such system being  
approved of to be generally used in the  
District.

**Presbytery of Regina.**

A *pro-tem* meeting of Regina  
Presbytery was held in Knox church  
Regina, on Wednesday, May 3rd.  
There were present Mr. Carmichael,  
moderator, Messrs. McKay, Welsh,  
McLeod and Clay. The resignation of  
Mr. Douglas, of Moosomin was receiv-  
ed together with documents from the  
congregation. On motion duly second-  
ed the resignation was regrettably ac-  
cepted, to take effect on the 11th of  
June, when Mr. Campbell will preach  
and declare the pulpit vacant and con-  
tinue to act as moderator of the session  
during the vacancy. The Moderator  
and Mr. McKay were appointed to  
draft a suitable minute in reference to  
Mr. Douglas's demission. A call from  
St. Paul's church, Prince Albert, was  
received with guarantee of \$1200  
stipend. The call was sustained and  
in the event of its being accepted ar-  
rangements for induction are to be  
made at the regular meeting in July.  
An application from Carmichael for a  
loan from the Church and Manse fund  
was recommended. Mr. J. G. Mc-  
Kenzie, B. A., applied for license and  
ordination. The matter was referred  
to the committee on the examination  
of students.

W. L. CLAY,  
Clerk.

**Hotel Arrivals.**

Dining Hall during the past week:

burn's Circus, enroute.

J. G. Macdonald, Calgary and J. B.  
Barreau, Medicine Hat.

It is only about once a year that a  
circus comes to Moose Jaw, and when it  
does, the liberal patronage it receives  
is sufficient to warrant a renewal of the  
visit. The present organization is a  
very fair show indeed, and to those who  
are fond of this class of entertainment  
should prove a strong attraction. The  
Roman gladiator act by Marcellus and  
Edison is picturesque, and their  
after act with heavy weights, etc., is  
well worth seeing. To those who ap-  
preciate contortionists, the acts of Win.  
Grace and his lady assistant will prove  
interesting; whilst to those who have a  
liking for the wild west class of enter-  
tainments, the hanging of the horse  
chief—a really clever performance—the  
lifting of articles from the ground at  
full gallop and the capture of the  
mountain girl will prove irresistible.  
The chariot race is deserving of mention  
as a piece of bold driving. The side  
shows, particularly the elephant, are  
deserving of a visit. Altogether the  
circus is well worth seeing and should  
be largely patronized.—*Montreal Gas-*

**Moose Jaw Parties Married at  
Whitewood.—The Wedding  
Ceremony.**

Mr. Henry J. Healey and Miss Etta  
King, both of Moose Jaw, were married  
at Whitewood, on the 31st ult., by  
Rev. Mr. Perry, of Broadview. The  
ceremony took place at the residence  
of the bride's father Mr. John King.  
The house was filled with relatives and  
friends. The bride was assisted by  
her sister, Miss Mary King, and the  
groom was supported by Mr. J. B.  
Lyons. The bride was given away by  
her father. After the ceremony the  
guests sat down to a magnificent sup-  
per, at which the customary toasts were  
proposed, and good wishes showered on  
the happy couple.

The bride was the recipient of many  
valuable and beautiful presents, among  
which were the following:—J. B.  
Lyons, half dozen silver knives; Miss  
Mable Lyons, half dozen silver forks;  
Mr. and Mrs. King, handsome set of  
China; Mrs. A. Bell, half dozen  
silver knives and half dozen goblets;  
Mrs. Card, half dozen silver forks; Mrs.  
J. Stewart, silver tea set with tray;  
Mr. J. Stewart, silver pickle cruet;  
Messrs. W. Lamont and A. Bell,  
silver cruet; Miss Mary King, china  
water set; Mr. J. O'Connell, tea set; Mr.  
B. Warner, pair wall panels; Mr. E.  
Warner, fruit dish; Mr. J. Stewart,  
set of carvers; Mr. J. McLean, glass  
water set; Mrs. J. B. Lyons, half dozen  
table napkins; Mr. and Mrs. Mc-  
Intosh, table linen; Mrs. Siddley,  
mounted ink stand; Mr. John Munns,  
silver butter dish and knife; Mr. R. L.  
Slater, night day clock; Staff of R. L.  
Slater's tailoring establishment, silver  
candle dish; Mr. and Mrs. C. Leary, com-  
panion fruit service; Mr. T. W. Ro-  
binson, parlor lamp; Mr. J. Cosgrove,  
silver butter fish; Mr. W. Wintle, set  
carvers; Mr. Thos. Healey, silver salt  
dredger; Mrs. Woolman, table linen;  
Mrs. J. Bellamy, handsome photo  
frame and Messrs. R. Wilson, A.  
Porter, Wm. Armstrong and H. Mc-  
Donald, silver ice picher.

Mr. and Mrs. Healey arrived in town  
on Tuesday evening's train and were  
met at the station by a large number of  
friends.

The Times extends heartiest congrat-  
ulation.

Mr. D. Moore is erecting a fine fence  
around his premises.

Friday night's east bound train had  
attached three tourist cars which con-  
tained a merry crowd of Chicago-bound  
San Franciscans. Among them were  
a large number of "school marmas."  
While the train stood at the station  
the excursionists gave an impromptu  
open air concert. A number spoke en-  
thusiastically of the courtesy of C. P. R.  
officials. The train was a few minutes  
behind time having been delayed by  
hot boxes.

The Leon W. Washburn circus and  
menagerie is on its travels and will  
visit this town on Wednesday, June  
25th. All the bill boards, dead walls  
and old barns and ware houses are  
plastered with red and yellow posters,  
emblazoned with the figures of  
creatures from every clime. The chief  
attraction of Mr. Washburn's men-  
agerie is in "Cupid," the little baby  
elephant, who is only three feet high,  
three months old and weighs two hun-  
dred pounds. Cupid is the most  
gentle and finical of elephants, and is  
never so pleased as when a crowd  
gathers around him, when he at once  
begins poking his trunk in all directions  
for dainties. The visitors give him  
cakes, candy, apples and fruit, at an  
average of two handfuls per day, and he  
can digest anything but unwholesome  
food, of the latter of which he is  
very wary. As a staple food, he eats  
hay, potatoes and bran. He has a con-  
stant attendant and keeper in Don  
Melville, who has been with him since  
birth. There is also a special groom  
for his quarters. Altogether he has a  
good time. He is certainly a great  
feature and Mr. Washburn may well  
feel proud of so valuable an addition to  
his already extensive menagerie.—

The youngsters were returned safely by No. 2, and the party remained perforce until the arrival of No. 1 on Sunday, when they departed on their way west, none the worse for the road.

A representative of the Times called upon two of the grading encumbrances on the "Soo Line" near Pasqua on Monday last. The first camp, is that of contractor McAnney's gang, consisting of twenty-seven men, twelve teams and a well equipped outfit of tools. During the four days which they had labored, they had graded nearly one mile, which is much better than was expected. Five miles south east of this encumbrance is the large gang of contractor Stevel's, consisting of one hundred and thirty men, fifty-two teams and everything that is needful for his line of work. During the six days of labor his gang has graded over three miles and laid over a mile of ties. Both contractors speak well of the country and of the easy manner in which the soil works. They are both advancing faster than was anticipated. The new line will run about three-fourths of a mile south of Pasqua section house, and join the main line one and one-fourth miles west of that place, thus making Moose Jaw its destination.

Mr. A. Hitchcock returned from Calgary on Monday.

**BY-LAW**

**NO. —**

**\$5000.00.**

WHEREAS it is necessary and expedient to raise by way of loan the sum of \$5000.00 for the purpose of constructing sidewalks, storm drains, culverts and drains within the limits of the Town of Moose Jaw in the North-West Territories of Canada; And whereas the value of the rateable property of the said town according to the last revised assessment roll is \$253,550.75; And whereas it is deemed expedient that the said loan shall be for the term of fifteen years, that it shall be payable in fifteen equal consecutive annual instalments, and shall bear interest at the rate of five per centum per annum payable half yearly; And whereas in order to discharge the several instalments of principal and interest accruing due on said debt the several instalments and interest become respectively due according to the terms of this By-law, it will require an annual rate in addition to all other rates levied by said Municipality, of two mills in the dollar in each year of the said loan;
